DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 5, line 1, deleting the number "4" because it appears there was a typographical error by not lining through the number since claim 4 has been cancelled in the amendment mailed on May 26, 2005 and claim 5 is now depending from claim 2.

2. Claims 1-3, 5-6, and 8-11 are allowed over the prior art.
3. The following is an examiner's statement of reasons for allowance: regarding claims 1 and 10, the primary reason for the allowance of the claim is due to the amending of the claims 1 and 10 to include the limitations of claim 4, which was indicated as being allowable base on the examiner not able to locate, in combination with other limitations, a conductive driven layer applied on a first layer of a dielectric material with a mask to prevent the conductive driven guard layer from touching a conductive central core. Since claims 2-3 and 5-6 depend from claim 1 and claim 11 depends from claim 10, they also have allowable subject matter.

Regarding claim 8, the primary reason for the allowance of the claim is due to the amending of the claim into independent form wherein claim 8 was indicated as being allowable base on the examiner not able to locate, in combination with other limitations, a conductive driven layer applied on a first layer of a dielectric material and removed on an end by mechanical

or chemical means to prevent the conductive driven guard layer from touching a conductive central core. Since claim 9 depends from claim 8, it also has allowable subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
